

# Library Rules

## Rules of the Library

Bring your library card to the library.

Library staff are like teachers. You must follow their instructions.

Use a quiet voice or a whisper.

Walk while inside the library (no running).

Do not talk on your cell phone at the library.

If you are using an iPad, iPod, or other device, you must use headphones.

## Caring for Library Books

Do not write or draw in the books.

Do not tear any pages in the books.

Use a bookmark rather than folding a page corner to mark your spot.

Return all books and other items where you found them, or to the library desk.

Do not use glue, scissors, paint, pens, markers or pencils near the books.

Do not keep food or drinks next to a library book.

Do not take any books, movies, videos or equipment out of the library without first checking them out at the library desk.
